## CHURRASCO "churrasqueira" SERIES

TEAM STYLE GLOBAL manufactures a selected range of Gas, Charcoal & Solid Fuel Model Churrasco Grills which are available in standard sizes - 900mm thru 1800mm.

Our Churrasco design recreates that age old Brazilian tradition of cooking a variety of skewered meats including beef, lamb, pork, sausage, chicken and vegetables over high performance gas burner radiants, or more commonly over a Live Fire Charcoal Pit on a purpose-built "churrasqueira" barbecue grill

Style Global is able to offers Clients the flexibility of creating Specific Custom Churrasco Grill Designs including See-Through Designs; in order to create their own Spectacular Churrasco Grill Appliance which best suited their individual SHOW KITCHEN DESIGN.

STYLE GLOBAL Gas Model Churrasco Series Grills are all fully gas approved and certified with SAI Global.

## TEPPANYAKI SERIES

**STYLE GLOBAL Gas Teppanyaki Series offers a fast way to cook meat, vegetables, rice and noodles used in traditional Japanese dishes.**

**These modern Teppanyaki Grills are gas fired under a polished steel flat surface plate which extends across the entire grill creating a large cooking surface with evenly distributed heat. The Teppanyaki Series has a drain outlet incorporated, flue outlet to 3 sides which aids in providing the even heat distribution on the plate and large removable grease drawer incorporated into its design.**

**Finished in stainless steel, the Teppanyaki Series are high in quality and are great additions to any Asian or Japanese style restaurant.**

**Custom Bespoke Teppanyaki Grills can be designed, engineered and manufactured to a host of varying configurations.**

**\* Optional Electric Models Available in various configurations.**
